

We, the undersigned members of the House DFL staff, stand in complete support of former Senate DFL staff member Cynthia Callais and all survivors of sexual harassment and assault. All too often survivors are ignored, intimidated, and disciplined for sharing their stories and seeking justice. As public servants, our commitment to human rights is paramount in every part of our work — survivors should be believed, validated, and supported every step of the way.

We commend Cynthia, and others, for their courage in bringing this abuse to light and stand resolute beside them in pursuit of a safe and equitable work environment for all.

Signed, Employees of the House DFL Caucus,

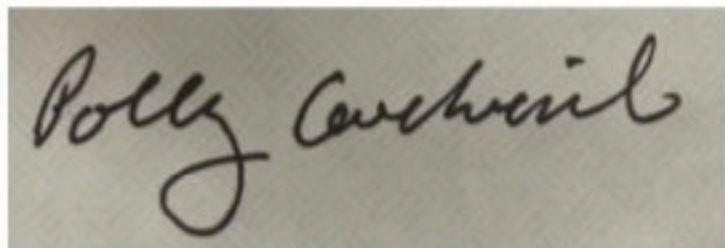

Sydney Spreck
